MEDIA INFORMATION

Average age of visitors: approx. 28 years

Average duration of stay: 8.2 hours

Average duration of journey: approx. 2 hours

Trends:

- Increase of visitors: price-performance ratio is rated very good and fair.
- Europa-Park's decoration/atmosphere is changed constantly (depending on the season), which increases repeat visits at Europa-Park (product diversification).
- Guests of Europa-Park also visit other tourist destinations in the region (spill over effects).
- The trend towards a destination for short holidays is going on. Here, the Europa-Park Hotel Resort is the main attraction.
