### **20.000 Euro for children: Patron Roland Mack delivers donations of the Nestlé Charity Cup**

Roland Mack, the patron of this year's 7<sup>th</sup> Nestlé Charity Cup, which took place last weekend on the golf course Hetzenhof in Lorch near Stuttgart, has received a check in the amount of 19.000 €, which was even rounded up by 1.000 € subsequently. The proceeds of 20.000 € goes to the foundation "Kinderherzen retten e. V." in Freiburg and to the charitable trust "Helfen hilft" of the children's cancer hospital in Freiburg.

Already since 2002, the managing director of Europa-Park is patron of the foundation "Kinderherzen retten e. V.", which aims at helping children with heart diseases from poor countries. The surgery, which is made free of charge by the doctors of the university hospital, enables the children to have a normal life in their homeland.

Roland Mack: "As an owner of a leisure and family park and as a father of three healthy children, it is my dearest wish to help children. My special thanks goes to all of the participants of the Nestlé Charity Club for their great support."
