Special offers for seniors at Europa-Park: Fantastic entertainment for the 60-plus generation

Europa-Park offers a number of special attractions for seniors. And from September 6th until November 6th 2005, the Europa-Park Resort offers reduced prices for the 60-plus generation. Relaxation and holiday mood in one of the 4-star hotels and fantastic worlds of adventure at Europa-Park!

Germany's biggest theme park is a very popular destination also for older people, because it offers a wide range of attractions for the entire family. On an area of 70 hectares with many beautiful gardens and colourful flowerbeds, recreation and relaxation are guaranteed. In the castle park, which is more than 550 years old, giant old trees, wide flowerbeds and beautiful waterworks invite the guests to relax and enjoy the peaceful atmosphere. Especially the Magical Garden, which was designed in cooperation with the gardening magazine "Mein schöner Garten?", wants to take the visitors into a magical world with little streams, a rosarium and colourful flowers.

Whether the visitors prefer slower attractions, such as the Puppet Boat Ride and the Jungle Rafts or a thrilling ride on one of the rollercoasters or on the Tirol Log Flume - anything is possible at Europa-Park. Top-class entertainment is guaranteed with numerous shows: graceful performances in our Ice-Show or breathtaking stunts in the Spanish Arena - it's showtime!

In addition to more than 100 attractions and shows, the visitors can learn more about the culture, the typical architecture and the culinary treats of our European neighbours. For example, they can enjoy Mediterranean cuisine in our hotels and in the Greek themed area, delicious fish specialities in Scandinavia and even participate in a Medieval Banquet at "Balthasar Castle?".

Also in autumn and winter, Europa-Park offers fantastic entertainment.
